Playing Golf

You will receive a booklet which contains Green Fee Vouchers: 10 x 18 hole (20 x 9 hole) **Peak** vouchers and 10 x 18 hole (20 x 9 hole) **Off-Peak** vouchers. You must book to play at least 9 holes or 18 holes at the start of your round. You cannot play 4 holes one day and then 5 holes on another day. The start of play dictates if the time is peak or off peak. You can exchange two off-peak for one peak voucher. Members should book using the tee booking system. The Lifestyle member is responsible for their membership book. The book must be presented to staff in the Pro Shop before playing golf to tick off each round for 9 or 18 holes, if the book is not present at the time of play you will not be permitted to use the course.

It is not possible to roll over unused vouchers from one season to the next. A new Lifestyle membership must be purchased each year regardless of vouchers held. Lifestyle members can upgrade to full membership at any time, taking into account unused vouchers.
